SCORE ARE SAVED FROM BLAZING HOTEL

ALLIED PATROLS IN LILLE; COURTRAI DOOMED

SCORES IN DANGER IN BLAZING METROPOLE

One woman was badly burned and another almost suffocated by smoke and fumes before she was carried from the upper story of the Hotel Metropole when the structure, one of the oldest landmarks in Oakland, was destroyed by fire today.

Two women were carried to safety down ladders while others saved themselves in a similar way.

A score of men and women fought their way through smoke-choked corridors and stairways or climbed down fire escapes to safety while the building was ablaze.

It was reported that two children and an aged woman were trapped in an upper story. Firemen risked their lives in a search through the building. No bodies have been found.

Heroic rescue was effected by firemen who saved Mrs. Alice Smith from the fourth story of the burning hotel. The woman had run from her own room into the hall, had found herself trapped and had been assisted by a stranger she met in one of the rooms into the tower room on the southwest corner of the structure.

Early rumors that an aged woman and two small children were trapped in the hotel and burned to death were denied by First Assistant Fire Chief Sam Short this afternoon. At the first possible moment Short went through the building with his men and made a search of all the rooms which could be entered. No bodies were found.

The man and woman were seen by persons in the street, trying to find a way from the window of the room in which they were trapped. The man had placed a towel around Mrs. Smith's face to save her from suffocation in the volumes of smoke.

A ladder was raised, but it reached to within only about five feet of the window ledge.

CARRIES FAINTING WOMAN TO SAFETY.

Driver J. A. McCarthy and Tillerman Kipke ascended the ladder, clung to the ledge, and while one held the ladder, the other raised himself until he could steady the woman and allow her to slip from the window, hang by her hands and drop into his arms. The life net had been prepared below, but McCarthy, who is a powerful man, held his burden and carried the fainting woman to safety.

The man who had helped her followed, but refused to give his name and disappeared in the crowd.

A cheer was raised by the crowd when the rescue was effected.

A similar rescue was effected by Firemen Bell and Anderson of Miss E. Cole, who was carried down from the Jefferson street side of the building. Miss Cole was taken to the Receiving Hospital. Mrs. Smith was carried to the Brown undertaking parlors, where medical aid was summoned. She recovered under treatment.

The fire was a spectacular one, and the fight against the flames was watched by great crowds of people. Fire apparatus was brought from all parts of the city, and Chief Steinmetz of Alameda came with a piece of apparatus and three men from the island city department.

FIRE ORIGINATES IN HOTEL BOILER ROOM.

The origin of the fire is believed to have been in the boiler room of the hotel. The flames gained headway up the elevator shaft, and within a few minutes after the blaze was discovered by a negro woman who is a cook in the hotel, flames were crackling and shooting from windows on three stories, and the hall and stairways were filled with smoke.

Women in their night attire were helped down ladders from the lower stories, and others were carried or led from the main side entrances trances. In all more than a score of women were rescued from the burning building. Half a dozen children were carried out by their parents and firemen.

There have been eight or ten fires in the old wooden structure during its quarter of a century of service. The property was valued at more

Leap From Fire-Circled Room Liberty Bonds Go in Flames

Daring escape from the burning Hotel Metropole was made by Gene C. De Vere, who found himself trapped in an upper room on the west side of the building. The Hotel Linder, owned by E. R. Sill, adjoins the Metropole on the west. The roof of this was already in flames. De Vere took the one chance for his life and leaped from his window to the roof. He lost his balance, but regained it again, and held himself from rolling down into the flames.

The lodging house on the north side of the Metropole was also in flames, but the firemen succeeded in getting this under control.

Heroism was wasted as a result of the misunderstanding of an hysterical woman, when the fire had been blazing for almost an hour, and the interior of the structure was an inferno of smoke and flames. A woman rushed into the street, screaming that she must be allowed to go into the building, and bystanders thought she said her baby was in the building.

"Where, where?" one of the men asked her.

She led him to the Thirteenth street side of the building and pointed to a second-story window, which could be reached from the roof of a porch. She kept on crying and pointing to the window.

"Get in there—there's a child." Sam Short ordered his men. Without hesitation the ladder was thrown against the wall and three men scrambled in through the window. Others followed.

NOT BABY, JUST PAPERS, SHE SEEKS.

The crowd waited. Persons standing with the woman continued to question her, and presently, through her sobbing, half articulate words, learned that it was only some valuable papers which she wanted rescued, and that she had not understood what she was doing.

"Get those men out quick!" Short ordered. It was several minutes before the firemen, choking, blinded by smoke, were brought from the building.

Another strange rescue was that made by E. A. Haskins and his wife. They heard the fire alarm and started to leave their rooms. When halfway down the corridor Mrs. Haskins remembered her pet canary, which was in its cage in the room.

"We can't leave Dickie," she cried.

Haskens made his way back into the room, where the flames were already eating their way through the woodwork, and brought the bird to safety. He was the only one among the group of refugees in the houses across the street who appeared unconcerned about the blaze.

TWO LOSE ALL THEIR WAR BOND PURCHASES.

Liberty bonds and War Savings Stamps aggregating several thousand dollars in value were destroyed by the fire. Mrs. Frank Cooley said that the entire purchases of bonds by her and her husband were burned in their trunk in the hotel.

Few of the guests were able to carry any valuables from the building, with the exception of some small personal belongings. Mrs. Alice Smith, the woman rescued by Driver McCarthy, threw a small bundle from the window before she was carried down unconscious. It was turned over to Inspector McSorley, and proved to contain considerable money and two diamond rings. It was returned to her upon proper identification.

While the firemen were fighting the blaze and cursing the failure of several of the mains to deliver water, the crowds noted that the American flag was still floating from the flagstaff over the hotel. Suddenly a long tongue of flame leaped upward and the flag was wiped away. An hour later the tower carrying the flagstaff caved in, and the pole fell with a crash upon the truck of the aerial watertower, narrowly missing one of the firemen.

Izzet Pasha Holds Turkish Empire Reins

COPENHAGEN, Oct. 16.—Upon the resignation of the Turkish ministry of Talaat Pasha, the premiership was assumed by Izzet Pasha, a former minister of war, instead of by Tewfik Pasha, former Turkish Ambassador to Great Britain as has been reported, says a Constantinople despatch under date of Monday, October 14. Izzet Pasha also took the portfolio of minister of war.

No foreign minister has been appointed, but Naby Bey, former Turkish ambassador at Rome is in charge of the foreign ministry ad interim.

BERLIN IS GIVEN COLD SHOWER BY U. S. STAND

BY ASSOCIATED PRESS
LEASED WIRE TO TRIBUNE

BULLETIN.

LONDON, Oct. 16, 6:03 p. m.—Reuter's Limited learns that the German reply to President Wilson is expected to be communicated immediately and that it is likely to constitute a general acceptance of the President's conditions.

BULLETIN.

LONDON, Oct. 16.—Germany's reply to President Wilson's last note is expected tonight, it is learned.

LONDON, Oct. 16, 6 p. m.—The British foreign office stated this evening that it had no official confirmation of the rumors that the German Emperor had abdicated, but that opinion in well-informed circles was not disposed to reject these rumors.

BY ASSOCIATED PRESS
LEASED WIRE TO TRIBUNE

LONDON, Oct. 16.—It is expected that the German chancellor will make a decision today on the matters contained in President Wilson's latest note, says a despatch from Copenhagen to the Exchange Telegraph Company.

The German newspapers point out, the message adds, that President Wilson's note had the effect of a cold douche on the hopes for peace engendered by his first note.

Some of the newspapers comment on the note in the sharpest terms and with unbridled words, adding that the language of President Wilson now has become excited after the conference he has had with the allies.

KINGS IN SHINING ARMOR ARE BARRED.

The Daily News says: "President Wilson's reply goes with shattering force and directness to the heart of the business. Kaiserism has made the earth a shambles and kaiserism must go. That is the core of the reply.

"It is the most momentous declaration of world policy ever uttered, and has behind it the embattled strength of civilization and the sanction of democracy in every land. No more kings in shining armor must be tolerated on this planet.

BASEL, Switzerland, Oct. 16.—President Wilson's reply to the German peace proposals reached Berlin at noon Tuesday. It had not been given to the German public, however, up to 8 o'clock last night.

BERLIN BANKING CIRCLES IN PANIC.

LONDON, Oct. 16.—President Wilson's reply to the German peace note produced "a most unfavorable impression," in Berlin, says a Central News despatch from Amsterdam today. The publication of the reply it adds, was followed by a panic in Berlin banking circles and on the stock exchange.

The German supreme command, the advices state, will come to Berlin at the end of the present week, "to deliberate on mobilization, concentration of the national strength, and the raising of the military age."

HOHENZOLLERN STATUES ARE SMASHED IN BERLIN.

BY INTERNATIONAL NEWS SERVICE.
LEASED WIRE TO TRIBUNE.

AMSTERDAM, Oct. 16.—Peace riots have broken out in Berlin. A mob marched through the streets shouting "Down with the war, the kaiser and Hindenburg."

A pitched battle was fought between the rioters and the police.

Statues of the Hohenzollerns were smashed and the residence of the burgomaster was stoned.

LEASED WIRE TO TRIBUNE

WASHINGTON, Oct. 16.—Upon a growing dissatisfaction in Germany over kaiser rule, authorities here today based the view that the Hohenzollern power will soon crumble. Both openly and guardedly the Teuton press is voicing its dissatisfaction with things as they are in Teuton political life. The comment expressing discontent with the kaiser's autocratic power is now becoming so general that the all-powerful German censor apparently does not dare kill it.

Steady Advances Are Made by Allies Upon Strategic Places East and Northeast of Ypres

LONDON, Oct. 16, 6 p. m.—The Belgian city of Thourout has been captured by the allied forces in their Flanders offensive. The fall of Courtrai is imminent.

PARIS, Oct. 16.—British patrols entered the southwestern suburbs of Lille this morning.

BRITISH ARMY HEADQUARTERS IN FLANDERS, Oct. 16.—Reuters—The Belgian cavalry this morning was reported to be within a mile of the important railway center of Thielt. That town is only about fifteen miles southwest of Ghent.

WITH THE FRENCH FORCES IN FLANDERS, Oct. 16.—Havas.—The Germans today resumed their long-range bombardment of the French seaport of Dunkirk on the Strait of Dover. There were some civilian victims.

PARIS, Oct. 16.—Twelve thousand prisoners and one hundred guns were captured by the allies in two days' fighting on the Flanders front, the Echo de Paris stated today.

The Belgian advance was so rapid that one division captured six batteries of German guns complete with the horses attached to them.

The Journal says that maps of Courtrai and Ghent have been given out to the correspondents for the first time since 1914.

The German extreme right wing is being threatened more and more as the allied wedge in Flanders is driven deeper. The enemy resistance seems to be slackening in Flanders and it is believed here that important results may be seen within a few days.

The advance of the allies is from two and one-half to five miles on a thirty-mile front. On the right the British hold Menin and Wervicq and have Courtrai almost within their grasp. The evacuation of the great industrial centers of Lille, Roubaix and Tourcoing seems inevitable. On the left the Belgians are approaching Thourout 12 miles from Bruges and within twenty miles of the Dutch frontier.

There are signs that the Germans realize the days of their occupation of Belgium are numbered. They have begun the work of destruction in Western Belgium. According to information reaching Paris, the Germans are preparing to get out of Bruges and Ghent and even Brussels.

BRUSSELS IS TO BE FREED SOON, IS PREDICTION

PARIS, Oct. 16.—A high German functionary in Belgium declared on October 9 that German occupation of Brussels would end at the latest within fifteen days, according to reliable information received in London, says the correspondent of the Echo de Paris.

All the civilian population along the Belgian coast has been moved back out of the country and British aviators are said to be reporting fires over a vast area.

AMERICANS TAKE RIDGE IN ADVANCE ON ST. JUVIN

By FRANK J. TAYLOR.
United Press Staff Correspondent.

WITH THE AMERICAN FIRST ARMY, Oct. 16.—The Americans have captured St. Juvin Heights and have advanced northward from them. Two hundred and forty prisoners were taken. (St. Juvin is just east of Grand Pre).

Plunging through belts of German wire in the face of showers of hand grenades, the men of the first army have mopped up Grand Pre, crossed the pass through the Argonne and are pushing on.

Captured German orders stated that Grand Pre must be held at all costs.

A new Prussian guard division was encountered in this fighting, making a total of twenty such divisions encountered since the beginning of the American offensive in this region.

At the start of the present phase of the assault, the Americans jumped off at 5:30 o'clock in the morning and gained their first objectives at some points with great rapidity.

In many cases there was only slight opposition, due to the deadliness of the Yankee artillery fire.

CLACKERS ARE USED BY FOE.

In the region of Cunel and Bois De Foret the Germans used "clackers," which made the same sound as machine guns. These sounds led astray our troop searching for the machine gun nests. This was especially the case when the clacker boxes were located behind the doughboys.

South of the Aisne, the Americans are digging in.

WITH THE AMERICAN ARMY NORTH OF VERDUN, Oct. 16.—Americans are battering another breach in the Kriemhilde line in the region of St. Gorges. The enemy is fighting with the utmost desperation. A break between the Aisne and the Meuse rivers means collapse of the entire German front in this sector.

Should the Americans break through here, the enemy's left flank would be shattered and the effects would probably be felt all along the line which has been shoved back by recent assaults of the allies further north.

BUZANCY UNDER SHELL FIRE.

Buzancy is under American shell fire. Dun-Sur-Meuse, Stenay and other big railway centers have been repeatedly bombed by our airplanes.

The way is being cleared for a further advance and the enemy communications are constantly being harried.

The Americans, steadily pushing on, are narrowing the avenue through which the Germans can withdraw. The rapid gains by the British and French to the northward make it necessary for the Boche to offer the stiffest resistance to the Americans in this region to avoid being cut off by Pershing's men taking him in the rear.

Otranto Death List Now Placed at 527

ISLAY, Scotland, Oct. 16.—(By the Associated Press)—According to figures compiled here today and carefully checked with army records, the total loss of life as a result of the disaster to the transport Otranto is 527.

These figures represent one American officer, 356 enlisted men, 164 of the Otranto's officers and crew, and six members of the crew of a French fishing boat.

Up to today 266 bodies had been recovered.

Pastor Uses German; Mob Beats Him Up

CHESTER, Ill., Oct. 16.—Rev. William Seidel, a Lutheran minister, and his wife were severely beaten by a mob of more than 100 men at their home in Bremen, seven miles north of here, Sunday night, it was learned last night.

Both Seidels are still in bed as the result of injuries inflicted. The incident is said to have grown out of protests because Seidel used German in the pulpit.

Ask Draftees to Await Numbers

In order to avoid confusion, local draft boards have requested registrants to await official notification of their numbers. It is expected that questionnaires will soon be sent to youths of 18 and men from 37 to 46. With the enrollment of the latter class, the work desired by Provost Marshal General Crowder will be complete. Local boards are well up in their work.

Under the new registration men for general military service as Class A men on the military records, while such registrants, if cured by treatment, will be assigned to Class B. Men unfit for any service will be placed in Class D.

BRITISH WIN IN FACE OF HOT DEFENSE

LONDON, Oct. 16.—Describing the first days of the new offensive in Flanders the correspondent of the Mail at British headquarters writes as follows:

"The German front line was held strongly. The Bavarians advanced in the face of the British barrage and calmly set up their machine guns. They did, all that was asked of them, but they met a division which in its charge went clean through and around the enemy and reached the Routers railroad before the German supports could arrive. Highly valuable ground was thus taken at the outset and bigger objectives thrown open.

"The enemy had put the most and best of his men in the front ranks and when these were forced back the British had much less trouble in advancing. Germany forces at Werwico and Menin, which guarded the right of the British attack apparently made only slight resistance and surrendered at once. The canal was behind them and when the British artillery had destroyed the bridges the enemy troops felt that they were being sacrificed and ran toward the British lines.

"Before the end of the first day all the principal industrial towns in Western Belgium were being threatened. To the north the Germans along the coast are also in peril. During the day there was plenty of evidence that peace was expected by the enemy and this expectation was operating toward lowering the morale of the German forces. The issues of the battle are immense and are already visible on the field."

ANN BREEZED IN, THEN OUT; $15 FADES

SAN FRANCISCO, Oct. 16.—W. L. Flannery, Superior Court reporter in the Grant building, says that you just have to hand it to this girl. He did.

She breezed into his office, hatless and almost breathless, so anxious was she to send money to the Red Cross.

"I must have $15 in currency to mail to the Red Cross," she said. "Can you change a twenty for me?"

"Sur," he said, glad to be obliging. He handed her a ten and two fives. She put one five and the ten in an envelope addressed to the Red Cross, and laid it with another envelope and the other five on his desk.

"How provoking!" she said. "I forgot the twenty. I'll be right back."

With that she breezed out, and when she was gone he looked in the envelope which he thought contained the fifteen. But instead it contained a note which read:

"Thanks ever so much. Yours truly, Anna Dailey."

Warning Sent Fish Men by Weinstock

Following the receipt of complaints that wholesale fish dealers are substituting small sole for large, between which there is a difference in price of 2 cents a pound, thus causing the retailer to lose money, or overcharge the consumer, State Market Director Weinstock today issued the following warning to the wholesalers:

When once a certain weight, or size, of sole has been defined by the State Market Director as "large" and another as "small," for the purpose of fixing a price on each size, such fish must be sold according to the price so fixed. If the fish thus designated are sold at a different price, such violation of his ruling is sufficient cause for the suspension of the dealer's license, as provided for in the State Fish Exchange Act.

U. S. War Finance Loans Are Heavy

WASHINGTON, Oct. 16.—The war finance corporation up to October 1 had authorized $43,202,592 in loans of which $40,540,500 went direct to war businesses without the medium of banks.

SUBSCRIPTIONS OFTEN DOUBLED

Among the most notable instances of recent doubling of subscriptions to the fourth Liberty loan, the Liberty loan committee this morning called attention to such demonstrations of loyalty as that of C. I. Redington and T. N. Corder.

Redington, at the time of the launching of the loan, subscribed $2000. According to the committee he has now twice doubled that original subscription, making a total subscription to date of $6200, the odd $200 representing an additional subscription made yesterday at the Liberty loan headquarters.

T. N. Corder originally subscribed $10,000 to the fourth loan. A few days later he doubled this subscription, according to the committee, and this morning the committee announced that he doubled his double subscription, making a grand total of $40,000 subscribed to the fourth loan.

The committee anticipates the doubling of a large number of the biggest subscriptions that has been made to date in the fourth loan.

INFLUENZA IS SPREADING OVER ENTIRE NATION

Persons Weak and Run Down Easy Victims; Fortify Yourself Against It by Taking Tanlac.

According to late reports issued by State and Federal health authorities the Spanish Influenza epidemic is rapidly spreading to all parts of the country, and it now seems that practically every state in the Union will be seriously affected before it runs its course.

It has not only become a great and terrifying menace to the public health, but unless checked, it is apt to seriously affect the progress of war work in all its various departments. Already the shipping board has announced that ten per cent of its workers had been affected.

The disease has made its greatest progress in the East, where it has claimed its victims by the thousands. Reports from other sections, however, are equally alarming, and both civil and military authorities have warned the public to take every precaution to prevent its further spread. In many cities schools, churches and theaters have been closed and public gatherings of all kinds forbidden.

Medical authorities agree that people who are weak and rundown are the earliest victims of the influenza epidemic. If you find yourself tired, weak and losing flesh, or if you are in a generally run-down condition, or if you catch cold easily this warning should be heeded promptly. You are really in great danger, because the germ of this disease is very catching and you are apt to fall an easy victim if you come in contact with the germs. People who are well and strong are not likely to contract the disease because they are able to throw it off. The commonsense way to keep from taking it is to fortify the system against attack by building up the constitution.

In other words, to use the old adage, "An ounce of prevention is worth a pound of cure." And if you are in a subnormal condition the proper thing to do is to begin immediately to build up your powers of resistance. To accomplish this, nothing on earth will strengthen you and build you up like Tanlac, the powerful reconstructive tonic, which contains the very elements needed by the system to give you fighting strength and ward off the influenza germ.

First of all, Tanlac begins its action by creating a good, healthy appetite for wholesome, nourishing food, and assists every organ of the body to perform its natural functions, thus helping to build up health and strength in the natural way.

Tanlac is also the ideal strengthening tonic for persons who are suffering from the after effects of influenza. Grippe or bronchial troubles and hundreds of thousands are using it daily with the most gratifying results.

In connection with the Tanlac treatment, it is necessary to keep the bowels open by taking Tanlac Laxative Tablets, samples of which are included with every bottle of Tanlac. It is also important that the every-day rules of hygiene be observed; that is, sleep in well ventilated rooms, get plenty of fresh air and exercise and keep away from crowds.

Tanlac is sold in San Francisco and Oakland by The Owl Drug Company

IF KIDNEYS ACT BAD TAKE SALTS

Says Backache Is Sign You Have Been Eating Too Much Meat

When you wake up with backache and dull misery in the kidney region, it generally means you have been eating too much meat, says a well-known authority. Meat forms uric acid which overworks the kidneys in their effort to filter it from the blood and they become sort of paralyzed and loggy. When your kidneys get sluggish and clog you must relieve them, like you relieve your bowels; removing all the body's urinous waste, else you have backache, sick headache, dizzy spells; your stomach sours, tongue is coated, and when weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, channels often get sore, water scalds and you are obliged to seek relief two or three times during the night.

Either consult a good, reliable physician at once or get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys, also to neutralize acids in the urine so it no longer irritates, thus ending bladder weakness.

Jad Salts is a life-saver for regular meat eaters. It is inexpensive, cannot injure and makes a delightful, effervescent lithia-water drink. —Advertisement.

Dyspepsia Spoils Beauty

Makes the Dark Rings Around Eyes, Caves in the Cheeks and Ruins the Complexion—How to Get Rid of Dyspepsia.

"Take My Advice and Use Stuart's Dyspepsia Tablets If You Want a Pretty Skin."

Digestive troubles ruin the complexion. The sour, fermented, gassy contents poison the blood, draw the corners of the mouth, rob you of sleep, give the face that hungry, haggard, mournful expression in the morning and you are tired all day. It is not what you eat but the fault of digestion that hurts. Eat anything you like and let Stuart's Dyspepsia Tablets digest your food, tone your stomach, supply your blood with nourishment, then good looks, a healthy appearance and bright eyes will soon return. Get a 50 cent box of Stuart's Dyspepsia Tablets at any drug store. They are real health makers.—Advertisement.

Washing Won't Rid Head of Dandruff

The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

Do this tonight, and by morning most if not all of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and digging of the scalp will stop at once, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

You can get liquid arvon at any drug store. It is inexpensive and never fails to do the work.—Advertisement.

Ducks Read Calendar? They Do Also, They Keep Up on Game Law

It certainly is most atrocious luck
To be born with a soul when you're only a duck,
From the lament of the canvasback.

If there be those who aver that the duck of the wild, even as the duck of the subdued, has no soul, let him stand confounded!

For if a duck can divine such an intangible thing as the merging of one law into another, said merger having only the effect of prolonging the opening of the season for duck slaying, and if said duck can alter its annual habits to conform to the merger, shall it be said that a soul (habitat of the brain) does not exist beneath the duck's dome?

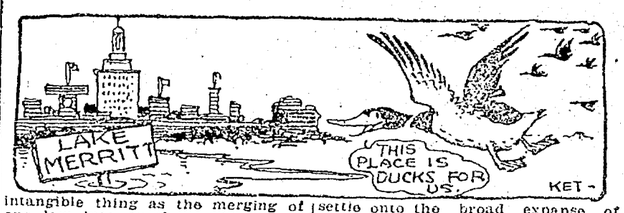
Anyhow, here are correlative facts:

Fact number 1:

Last year the duck season opened on October 15, and on the morning of that date there settled upon the expanse of Lake Merritt the flock of wild duck that make the lake their home every year during the open season. There, they knew, they will be fed and protected from the hunter.

Fact number 2:

This year the Federal law takes precedence over the State law and the opening of the duck season is fixed as October 16. Did the ducks settle onto the broad expanse of Lake Merritt early in the morning of October 15?



They did not, but early this morning, which is October 16, there did settle upon said broad expanse a flock of ducks and now said flock is quacking its satisfaction at being in a haven, where it will remain until the season for duck hunting closes and on that very day the flock will depart for somewhere.

Here is affirming that the lament of the canvasback is well founded.

MINISTERS AGAIN HONOR VAN HORN

The Oakland Ministerial Association yesterday re-elected Dr. F. J. Van Horn president of the union for the coming year. Rev. R. O. Youtz of the Fruitvale Avenue Christian church was elected secretary; Rev. N. E. Gibbs of Shattuck Avenue Methodist church, treasurer.

The regular time and place of the monthly meeting for the new year will be the second Wednesday of the month at 12:30, at the Y. W. C. A., the formal meeting to convene at 1 p. m.

The chief item of business was the adoption of the association of the following resolution:

"We heartily commend the patriotism of Governor Stephens. We earnestly warn the citizens of California against supporting as a candidate for Governor Theodore A. Bell, who vigorously defended in our courts a man who urged notorious draft evasion and who was convicted for said offense.

"That we believe that at this crisis time the best interests of the nation fighting for the unconditional surrender of a desperate enemy would best be served by the election of the sturdy patriot, Governor Stephens."

The chief order of the next meeting will be an address by Rev. Howard I. Kerr on the question "How Can We Best Advertise the Churches to the New Residents of Oakland."

Tehaney Is Named District Director

Grothman, stewardess on the Pacific Mail steamship Newport, whose postoffice address is box 629, Martinez, reported to the police here this morning that some one had entered her room in the Terminal Hotel, 62 Market street, which she was occupying temporarily, and robbed her of jewelry and furs valued at $543.

Garden-of-Girls Man Guilty of Alienation

LOS ANGELES, Oct. 16.—Whether S. K. Bennett, originator of the "Garden of Girls" idea for farms on which women were to reign supreme, would appeal from the $15,000 alienation of affections verdict against him still was undecided today. The verdict was won by Dr. Samuel F. Danielson, pioneer physician, who charged Bennett alienated Mrs. Danielson's affections. Mrs. Danielson now is said to be in Sacramento.

Tonight! Take Dodson's Liver Tone! Better Than Calomel For Liver

Calomel sickens! If bilious, constipated and headachy read my guarantee.

Listen to me! Take no more sickening, salivating calomel when bilious or constipated. Don't lose a day's work!

Calomel is mercury or quicksilver which causes necrosis of the bones. Calomel, when it comes into contact with sour bile, crashes into it, breaking it up. This is when you feel that awful nausea and cramping. If you are sluggish and "all knocked out," if your liver is torpid and bowels constipated or you have headache, dizziness, coated tongue, if breath is bad or stomach sour just take a spoonful of harmless Dodson's Liver Tone.

Here's my guarantee—Go to any drug store and get a bottle of Dodson's Liver Tone for a few cents. Take a spoonful tonight, and if it doesn't straighten you right up and make you feel fine and vigorous by morning, I want you to go back to the store and get your money. Dodson's Liver Tone is destroying the sale of calomel because it is real liver medicine; entirely vegetable, therefore it can not salivate or make you sick.

I guarantee that one spoonful of Dodson's Liver Tone will put your sluggish liver to work and clean your bowels of that sour bile and constipated waste which is clogging your system and making you feel miserable. I guarantee that a bottle of Dodson's Liver Tone will keep your entire family feeling fine for months. Give it to your children. It is harmless; doesn't gripe and they like its pleasant taste.—Advertisement.

THE STRUGGLE

CHAPTER XXIX

(Continued from yesterday.)

CLOTHES.

It is difficult for a man like John Ferrol to comprehend the reverence women have for proper clothes, "proper" meaning appropriate, becoming and in the mode. Ferrol thought his wife looked prettiest when she wore white muslin with blue bows and was playing on the porch with the children. But however fetching white muslin and blue ribbon may be, they *cannot* be successfully worn to a bridge dance at the Arcadia Country Club, with all the other women clad in "copies of original models" (for Arcadia hadn't got quite to the actual original models yet).

Edith wanted to go to the party because she hated to think that even Arcadia's society was inaccessible to her. Also she was indignant at Lillie Blake, who had not been to see her since the flouncing-out, door-slamming incident now several days past. Lil had been very unpleasant because Edith had characterized as "disgraceful" Lil's method of obtaining a "swell gown" on credit or by the dishonorable ruse of ordering it sent out "on approval," wearing it and returning it next day as not satisfactory. She wanted to show Lil she could earn the money for a gown.

There were three days before the party at the club. There seemed no way for Edith to lay legitimate hands upon a new dress except to fill Mrs. Carter's order for cakes and other specialties of Edith's cookish art, speed them to her, collect the bill immediately and eke out what she could squeeze from her purse for the purchase of a simple readymade frock.

Her declaration to John that she would fly in the face of his disapproval and "find the money somehow" to buy her cookery materials had met with silence from him. Evidently he had not taken her seriously. But Edith was determined. It occurred to her suddenly that Hardman, who kept the fancy grocery in the neighboring village of Danville, where Mrs. Carter lived, would doubtless let her have the necessary materials to be paid for later.

This was soon arranged over the telephone and with a light heart Edith assembled her flours and sugars, her nuts and fruits, her spices, shortenings, syrups and creams and set to work, turning them into an array of goodies that would have made old man Lucullus dribble at the mouth.

She worked steadily for two days. But the thought of the dress, plain if need be, but fresh and becoming—and maybe she could add a touch of gilt here, or a satin flower there with chic effect—kept her cheerful and soothed her aching back.

The things at last were finished. Edith tipped the boy who ran the station "hack" to help her load them into the vehicle, and soon the chugging little flivver brought up before Mrs. Carter's mansion.

The Carter butler was surprised, but he had been trained in England, and a British butler would sooner be struck dead than exhibit dismay. So he helped Edith and the hack boy get the things safely into the lower regions of the house, and then apparently expected Edith to depart. But Edith wanted the *money*. Must have it. Pocketing her pride, she asked to see Mrs. Carter.

"Mrs. Carter's haway, ma'am," emitted the butler's registering ennui.

"Away! When will she be back—today, some time?"

"Oh, no, madam. She is at her daughter's town house. This is an opera night, madam." This seemed to end the conversation. It certainly ended Edith Ferrol's dream of the little new gown with the touch of chic. If the butler had been a stout old Irish woman with an ample bosom and a gingham apron, Edith would have cast her weary arms about her neck and sobbed. But James was not the kind to sob on. His look of outrage would have blasted one, as a shaft of lightning.

Edith turned and rode home in the chugging little flivver. She paid the boy with her last half dollar and went wearily into the kitchen.

Soon John came in.

"Well, Ede, we sure must take in that party at the club," he said after his kiss of greeting. "Lil Blake was on the 5:15 coming out from town. She says it's going to be great, but not to worry about clothes—everybody's going to wear simple duds."

Edith flinched "Cat!" she said to herself. "She's been buying a new frock."

Say He Opposed Liberty Bond Sale

Fred Stein last evening called on Mrs. F. H. Kane, 641 Twenty-second street. E. G. Platt, a Liberty loan drive captain, next called to persuade Mrs. Kane to increase her bond subscription. Stein objected, Platt says, and stated that no bonds would be sold in that house while he was there. Platt reported the matter to the police and Corporal Watson and Officer George Burbank arrested Stein for interfering with the sale of Liberty bonds.

Dr. Hutchinson to Talk to Women War Aids

By GEORGIA G. BORDWELL.

Dr. Woods Hutchinson, well known physician and writer for popular magazines, will speak on his recent war experience at a dinner which will take place Thursday evening, October 24, at Hotel Oakland.

Dr. Hutchinson has returned from a year at the battlefront. The invitation to the dinner is issued in the names of The National League for Women's Service, The Oakland Center of the California Civic League and The Associated Charities, who are colloborating in the business of making the dinner a success.

Requests for reservations, accompanied by a check, should be sent to Mrs. Thomas Mitchell Potter, 824 Oakland Bank of Savings Building, phone Lakeside 3058.

The National League for Women's Service, that splendid organization whose local membership numbers 1250 women, and which has no aims, political or social, but which stands ready to assist the Government in that it acts as a clearing house for all manner of service that women have to offer, has outgrown its present office at 420 Central Bank Building, and is this week in the throes of moving into larger quarters at 512 First Savings Bank, Sixteenth and San Pablo.

Three or four comfortable rooms have been given to the League for the period of the war by P. E. Bowles, the owner.

MRS. CLARENCE QUINN RETURNS FROM SOUTH.

Mrs. Clarence Quinn, who as Miss Lorena MacIntyre, was one of the well known attorneys of Oakland, and who took an active interest in all civic matters, has returned after a year's residence in Santa Barbara.

Fortunate, indeed, is the organization that is able to annex the service of Mrs. Quinn, and the first of these to recognize its chance was the Women's Legislative Council of California, which has persuaded her to accept the chairmanship of publicity for Alameda county.

Miss Marion Mundy of Los Angeles, will talk on "Our Boys and the Y. M. C. A." before the Adelphian Club of Alameda, tomorrow afternoon. The afternoon will be in charge of the Music History section and the Current Events section. Madame Josephine Delines, dramatic soprano, will complete the program with a group of songs.

HOME CLUB LUNCHEON TO BE SOCIAL AFFAIR.

The Home Club luncheon tomorrow, aside from some business which will be transacted, will be strictly a social affair. Since the club feels that all society is and forever will be, based upon the success of the Liberty Loan, a speaker will talk to the members for a few minutes on that subject.

The Home Department of the Manzanita Parent-Teacher Association, will meet Thursday afternoon at 2 o'clock at the home of Mrs. A. J. Appletoft, 2545 Nineteenth avenue. The members will have the opportunity of hearing about the work of the Girls' Rest Home, which is maintained in East Oakland.

Charles Keeler, poet and playwright, who every Sunday afternoon opens his beautiful home and amphitheater in Berkeley for the entertainment of the soldiers and sailors, reading to them from his own poems, will appear before the Plymouth Woman's Club tomorrow afternoon, and speak on the subject of "The Creative Spirit of Child Education."

Mrs. George Coolidge and Miss Olive Reed will contribute a program of music.

New Coal Licenses Not to Be Issued

Announcement that no new licenses will be issued to distribute coal and coke was made today by Federal Fuel Administrator for California Albert Schwabacher, following the receipt of advices from Washington that since the adoption of the purchasing agent's commission plan the number of coal and coke distributors had increased almost 200 per cent.

"It is believed that many of those who have embarked in the business since the adoption of the plan contribute neither skill, experience or anything of value to the distribution of coal or coke in a manner necessary to the successful prosecution of the war and pending an investigation of this situation the issuance of licenses will be discontinued," the statement says.

STOMACH UPSET?

Get at the Real Cause—Take Dr. Edwards' Olive Tablets

That's what thousands of stomach sufferers are doing now. Instead of taking tonics, or trying to patch up a poor digestion, they are attacking the *real* cause of the ailment—clogged liver and disordered bowels.

Dr. Edwards' Olive Tablets arouse the liver in a soothing, healing way. When the liver and bowels are performing their natural functions, away goes indigestion and stomach troubles.

If you have a bad taste in your mouth, tongue coated, appetite poor, lazy, don't-care feeling, no ambition or energy, troubled with undigested foods, you should take Olive Tablets, the substitute for calomel.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. They do the work without griping, cramps or pain.

Take one or two at bedtime for quick relief, so you can eat what you like. At 10c and 25c per box. All druggists.

A New Principle in Complexion Treatment

Most creams are injurious when used habitually. They clog the pores and eventually form a permanent, soggy, stifling film which interferes with eliminative action and makes the skin sickly and pasty. There is an application—mercolized wax—which acts upon an entirely different principle. While perfectly harmless, it has the peculiar property of removing by absorption the dead and half-dead particles of scarfskin, as well as unhealthy matter in the pores. Thus it takes away from instead of adding to the complexion, differing in this respect from cosmetics. The result is a perfectly natural and healthy young complexion. Mercolized wax, procurable at any drug store (one ounce is sufficient), is applied at night like cold cream and washed off in the morning.

The correct principle in the treatment of wrinkles is to tighten the skin, which naturally irons out the lines. A face bath, remarkably effective in this direction, may be made by dissolving an ounce of powdered saxolite in a half pint witch hazel.—Advertisement.

PHYSICIANS CONFER; PLAN TO FIGHT 'FLU'

The death toll from Spanish influenza was increased by two today, according to a report issued by the Oakland health department. There was also reported an additional 52 cases of the disease and the department's inspectors are working day and night verifying numerous other cases reported that have not as yet been officially pronounced influenza.

The deaths reported today are Grace Davidson Holliday, 19 years old, 933 Apgar street, and John Kelly, 48 years old, 1033 East Fifteenth street.

In order to further discuss ways and means of combatting the dread disease there was a conference of Oakland physicians held in the health department late today.

LIEUTENANT'S WIFE DIES.

After a week's illness from Spanish influenza and pneumonia, Mrs. Elizabeth Cameron Brown, wife of Lieutenant Claud Brown, U. S. N., of Camp Humphries, passed away at the home of her mother, Mrs. James A. Smillie of 825 Fallon street, in this city, yesterday. Mrs. Brown was Miss Elizabeth Smillie before her wedding and a former student at the University of California, where she was a member of the Alpha Phi sorority.

The deceased is a sister of Miss Effie Smillie and of Mrs. Alden McIlrath. She was a brother of Charles Smillie.

Lieutenant Brown was on furlough at the time of his wife's death. The funeral will take place at 2 o'clock tomorrow afternoon from the home of Mrs. James A. Smillie in Fallon street.

BERKELEY CITIZEN DEAD.

BERKELEY, Oct. 16. — Frederick Hadlen, 34 years old, member of a pioneer Berkeley family, died last night at his home, 223 Eighth street, of pneumonia following a week's illness of Spanish influenza. Hadlen's is the third death in Berkeley this week of the disease.

Hadlen was the son of Mr. and Mrs. Charles Hadlen, who came to this city from Olympia, Washington, 33 years ago, his father being one of the pioneer merchants of the city and a leader in the early-day affairs of Berkeley. He was engaged in business in Oakland and was a brother of Edwin Hadlen, deputy county clerk of Alameda county.

Surviving him are a widow, Dena Hadlen, and three children, Roy, Dorothy and Millured Hadlen. He also leaves his parents, Mr. and Mrs. Charles Hadlen; three sisters, Mrs. Anne Newhall, Mrs. Julia Cibb and Mrs. Mabel Hopkins, and three brothers, Charles and Edwin Hadlen of Berkeley and Herman Hadlen of Colfax. He was a member of California Aerie No. 1423, F. O. E.

NURSE IS VICTIM.

Miss Alice M. Broughton, trained nurse, also succumbed yesterday to pneumonia following an attack of influenza. She contracted the disease when she attempted to attend seven patients, all members of one family, which were stricken with the disease.

Miss Broughton was 33 years of age and the daughter of Mrs. R. J. Broughton of 2428 Russell street. Her brother, Coleman Broughton, is an employe of the Southern Pacific Company.

MAY CLOSE UNIVERSITY.

Temporary closing of the University of California as a result of the spread of the influenza epidemic was considered last night at a conference of army and navy medical officers called on the campus.

No action was taken as a result of the meeting. It was declared that present conditions on the campus did not warrant a rigid quarantine and that unless the situation grew steadily worse the treatment of the cases would continue under the present methods.

CASES ARE LIGHT.

More than 200 cases are at present being cared for at the university infirmary, in barracks on the campus and at the Zeta Psi fraternity house. But cases of pneumonia have developed among the students and these are all declared to be light in nature. About a score of the patients are students in the School of Military Aeronautics and the remainder from the regular student body of the university.

All gatherings except those held outdoors were today called off by President Benjamin Ide Wheeler. As a precautionary measure the second community chorus meeting, under the direction of Professor Arthur Farwell, will be held in the Greek Theater tomorrow night instead of in Harmon gymnasium. A cancellation of the Muratore concert on the campus scheduled for Saturday afternoon has also been announced.

ALAMEDAN DIES.

ALAMEDA, Oct. 16.—August Charles Werner, 56 years of age, residing at 2533 Buena Vista avenue, was the second victim in the city to succumb to Spanish influenza. Werner had been a semi-invalid for some years and had been ill with the disease which resulted in his death only three days. He was a native of Germany but had lived many years in Alameda. Surviving him is a widow, Mrs. Emma Werner, three daughters, Mrs. C. Benzing, Elizabeth and Wilma Werner and three sons, Jack, Harry and Richard Werner. The funeral services will be from a local undertaking establishment this afternoon and the interment will be strictly private.

German Defeat Is Sure, Says Sheddon

Captain Thomas E. Y. Sheddon, former premier of New Zealand, and hero of several important battles in the present European war, addressed the members of the manufacturers' committee of the Oakland Chamber of Commerce at a luncheon in Hotel Oakland today, his subject being "The Inevitable Defeat of Germany." Captain Sheddon reviewed in brief the progress made by the allied armies and predicted that at the end of the present war there would be no room in the Pacific for Germans. The speaker said that the United States and Great Britain would join with France in the future in stopping German expansion and aggression in the Pacific. Captain Sheddon told of many international problems that must be worked out by the three nations in the future in the interest of world democracy, and maintained that this could be amicably accomplished.

"BUY A BOND!" NEWSIES' CRY

If confronted by a youngster who thrusts a newspaper at you and at the same time cries "Buy a Bond!" buy the paper and then do as the lad suggests for he will be a TRIBUNE newsboy doing what he can to advance the sale of fourth Liberty bonds and to help Oakland meet its quota. All of the newsboys handling The TRIBUNE have agreed to shout "Buy a Bond!" at least once for every time they cry their wares; sometimes the bond cry will come oftener than will the announcement that most everywhere in France the Hun is getting whipped and emphasizing the need for money to keep up the good work that the American soldiers are doing.

BATTERY B MAN AMONG WOUNDED

Charles H. Smith Jr., son of Mr. and Mrs. Charles H. Smith, 380 Euclid avenue, who enlisted with Battery B from Oakland, is reported among the severely wounded in today's casualty list. No word has been received by his family beyond the official telegram of the War Department dated October 8, which stated that he had been wounded in action on September 15. A cablegram is expected hourly reporting his condition.

Smith enlisted 18 months ago. He was transferred from Battery B to the 143d Field Artillery and later to the 15th Field Artillery. He has been on the firing line some months. In a letter dated September 2, the young soldier declared the Germans were being badly beaten and that the war would be over soon. Smith is 29 years old. His brother, Percy Smith, a University of California man, is at the front with a company of engineers.

WAVES WRECK SOLDIER'S RAFT

To the endless variety of hazard at sea on frail craft Private Frank Roy of the artillery corps, stationed at Fort McDowell, last night added another, eclipsing in daring those stories heretofore chronicled.

Private Roy had heard that his wife was sick at home in Alameda. His longing to see her outweighed his fear of the waves or of military discipline disregarded. Unable to get leave, he determined to build a craft that would carry him home.

Monday night he went down to the shore and gathered together an odd assortment of boards and sticks, bound them together with ropes and hoisted a frail mast to which he fastened his overcoat for a sail. Stepping aboard he headed out against the wind and steered for Alameda.

When his craft struck the heavy waves it went to pieces, and for several hours he clung to a loosened board. Near Sausalito toward where he drifted, his cry for help was heard and he was rescued. At the police station he told his adventure and the military authorities took him to Angel Island.

Impure Weak Blood

Four-Fold Benefit From Two Great Medicines.

There are conditions of the blood in which it is not only impure but also weak, thin and pale, deficient in iron. They are best treated with Hood's Sarsaparilla and Peptiron, taken in conjunction, one before eating and the other after.

These medicines cooperate and supplement each other.

Hood's Sarsaparilla purifies the blood and Peptiron strengthens or "ironizes" it—and they are so good a combination that to use both is to derive a four-fold benefit.

In cases where a laxative is needed Hood's Pills should be taken. They are gentle and thorough.

WHO ARE THE QUITTERS?

Three months ago today American troops opened a forward movement against the enemy. They started the offensive under the French corps commander, General Mangin, between Chateau Thierry and Soissons, and in the first dash on July 18 put the boche on the run. They held the German crown prince's forces south of the Marne between Chateau Thierry and Jaulgonne for two days and on July 18 threw them back across the river.

They pressed them across the Ourcq, across the Vesle and the Aisne—always back to the north and east.

Since the Americans started the fighting they have never fallen back.

They are still going and the German frontier lies just ahead of them. Behind them may soon be liberated France and Belgium.

Citizens of Oakland, are you going to quit the fight now and fall back when all that is asked is that you stand by with your dollars?

THE "ROLLING UP" MOVEMENT.

While the Ally armies in France and Berlin are driving the Boche wherever they will, events of great importance are being recorded in other theters of the war. All point to the same happy outcome ultimately—the elimination of the German menace from human affairs. Time is the only thing needed to reach the desired conclusion and that is available if the Allies will reserve it.

Monday's despatches carried the official announcement, confirmed by Berlin admissions, that the Serbian army had occupied Nish. By this victory Ally forces in the Macedonia area have cut the railroad communications between Germany and Austria-Hungary and Constantinople. At the same time British and French forces must be near Sofia, the Bulgarian capital, in accordance with their plan to take over the Bulgarian railways. Seizure of the Constantinople railroad cuts the land route to Turkey. Henceforth the only open way between the Teutonic powers and Turkey is over Rumanian or Russian territory and the Black Sea water route. That will be closed in the near future.

British, French and Italian forces in Syria are still advancing northward and have occupied the port of Beirut. Thus the principal Austro-Turkish base in Syria has collapsed. With a few days march the army of General Allenby will reach the Constantinople-Bagdad railroad and thus deal another of the final blows to Germany's dream of greatness.

The Turks are reported retiring from Baku on the Caspian sea and other points in the Caucasus. Soon the land of the Armenians will be liberated, as Palestine has been. Remorselessly a wall of steel is closing in on the forces of murder and rapine.

DELAY ON REVENUE BILL.

To all appearances Congress will succeed in avoiding final action on the national revenue bill until after election. The Senate is taking its time in the committee hearings and cannot now indicate when a vote in the upper chamber on the completed measure is probable.

Only three weeks remain before election day, and if the vote can be delayed until then the members of Congress will not be compelled to account for their stewardship in this important matter. Many of the members who are candidates for re-election have gone home to campaign for office.

Yet it would be unjust to charge that the Senate is without justification in making careful revision of the various items of the tax bill as they were sent up from the House. Perhaps it will be necessary to devote a considerable time to this work after the election is over. Representative Claude Kitchin of Scotland Neck, North Carolina, chairman of the House Ways and Means Committee, drafted the revenue bill. He is the same provincial who declared that the northern section of the Atlantic and Central States should pay the war costs. He has altered neither his view nor his tactics.

A man so unfitted by temperament and knowledge to draft a national war tax bill cannot be expected to produce a practical revenue plan. Careful revision, although to be regretted, is necessary. In the meantime the business concerns and persons who will have to pay the taxes will remain without any information as to the amount which will be levied for the year nearing its close.

A HELPFUL SUGGESTION.

Dr. T. Miyaoka, distinguished Japanese lawyer, in an address before the Japan Society of America in San Francisco Monday evening, gave an interesting suggestion for the Ally program for dealing with Germany. "If Germany had the right to demand the erection of monuments in China because two or three persons of German citizenship were killed," said Dr. Miyaoka, "then we at least should insist that the troops of the Ally nations shall march down Unter den Linden in Berlin, if not by force of bayonets then certainly by arrangements made by the diplomats, as a part of the conditions upon which peace shall be restored."

If this proposal has not already received the attention of the Ally governments surely it ought to be seriously considered in the final terms of German capitulation. And it would be peculiarly fitting that Japanese and Chinese troops, which are fighting bravely beside the troops of other Ally nations in Siberia, should be included in the militant pageant of civilization.

Dr. Miyaoka touched upon the great issue of the war when he declared that it is the duty of the Allies not to stop until they have redeemed the barbarians of central Europe to civilization. This necessary task would be greatly accelerated by any act which would disclose to the German people that their obsession that they are supermen is a mad delusion; by forcing Germany to realize that the claims of her statesmen, teachers and clergy that God, the creator of men, is a German god, is a blasphemous lie.

It is but the logical irony of German conceit that the most effective means to this desired end has been suggested by a Japanese citizen; by a man of East Asia who is thoroughly familiar with the brutal practices of German troops in China in 1900.

This prominent citizen of Japan has been most cordially received during his extended visit to the United States. He was one of the speakers before the annual meeting of the American Bar Association in Cleveland and before the Canadian Bar Association in Toronto. His lively appreciation of the changes in international and interracial conditions wrought by the war has made a pleasing impression.

Certainly his suggestion for the instruction of Germany will receive endorsement everywhere. It is a sign that Japanese and American thought is tending to that amiable contact to be observed in the war operations of the two nations.

The forest fires ranging in Wisconsin, which have already resulted in the loss of nearly 1000 lives, are due to one of three things: Lack of preventive measures against outbreak of fire from well-known accidental causes; lack of vigilance in putting out a fire in its inception, or to a carefully executed criminal scheme to destroy a vast area of valuable forest. In all three respects the duty of the federal government is inescapable. The fires indicate that that duty has been neglected.

The American forces took two important enemy strongholds yesterday—Grande Pre and St. Juvin. How many Liberty Bonds have you taken?

RESULTS OF PRICE FIXING.

Experience during about eighteen months of price fixing in the United States has shown the great obstacles in the way of safeguarding all interests and of treating producers, distributers and consumers on a similar basis. Although at the outset the plan of price fixing was taken up with the fundamental idea of protecting the consumer from overcharges by the producer, later developments have seriously raised the question whether it may not, in some cases, be equally as important to provide for the interests of the producer as for those of the consumer. This has been found to be true in the case of some articles which are regarded as absolute war necessities and in which price is of less importance than the quantity turned out and placed on the market. In other cases, it has seemed that the producer was glad to have prices established as long as they tended to fluctuate or decline under competitive conditions, but was reluctant to have any action undertaken as long as they continued satisfactorily high. Again, it has often appeared that the producer, because he was differently treated in different countries, notwithstanding his goods were of international importance and distribution, suffered from local price fixing and tended to curtail his output under the influence of it. In some instances price fixing has already been abandoned after it had served its turn, and in such cases the injustices of the system have been more than ever apparent.

The worst phase of the experience with price fixing, however, has undoubtedly been that it did not turn out to be at all permanent but tended to defeat itself as time went on, due to the fact that conditions changed and industrial relationships modified themselves without reference to what had been done in a legislative or administrative way. It was easy to fix prices at the beginning by simply establishing them on the basis of average, or customary, or representative figures. These latter were the outcome of competitive conditions, and showed about what had been determined under the previously existing situation. As the trade at large worked away from the competitive regime and accepted in lieu of it the system of fixed or established prices, it became harder to know whether changes were called for in such prices and how far the altered conditions ought to be recognized by modifications. Price fixing has been shown by experience to be only a temporary remedy, tending at an early date to bring about its own defeat. It is distinctly to be classed as a war expedient, and as such must be done away with as soon after the return of normal conditions as proves to be at all practicable. The predictions of those who looked forward to a regime of permanent price fixing on some governmental basis show little sign of realization.—New York Journal of Commerce.

NOTES and COMMENT

By reading the President's reply understandingly the Germans ought to be able to realize how far their clumsy effort came from getting where they hoped it would.

* * *

The statement that the United States government would continue to send over a quarter million of men every month was a fortification of the position of the President—that no such thing as a peace confab with a doubt as to the outcome is possible.

* * *

It will not be surprising if the kaiser now reappears and dismisses a lot of vons without grace, because the ruse did not work.

* * *

The President's answer means more than notice that arguments for a peace arrangement cannot be carried on with a barbarous people who persist in their barbarities. And it means a reckoning when a righteous peace has arrived. It means that civilization has taken account of the things that have been done and are being done, and that a very serious consideration of them is to be an aftermath.

* * *

Here is a most singular railroad situation. The owners of the Las Vegas and Tonopah railroad have declared an intention to scrap it unless they can give it away. The federal government is the only going railroad management, and appeal has been made to Director-General McAdoo to accept this token of Nevada's esteem. There are railroads and railroads.

* * *

The proposition to enact a law establishing five-mile dry zones around coal mines seems to be a recognition that booze is one of the troubles that are chronic at such places.

* * *

Saxony paper lays war at kaiser's door. The discovery is perfectly good but the Saxony paper is so late with it that it is not likely to be of much avail. It is now something more than four years since the fact was very plain to everybody else.

* * *

The news despatches are to the effect that Lenine is at outs with Trotzky. It was bound to happen. Men associated on such terms as these prime savages are would ultimately come to the parting of the ways. Their days, as well as those of their backers, are numbered.

* * *

The Kreuz Zeitung says there can be no question in these peace proceedings of sacrificing Germany's "honor." If Hundom could be brought to realize that, as used by the Huns, that word is getting on civilization's nerve, it might cease bringing it in so often and with such unction.

* * *

A new impetus to the bond movement was felt on the appearance of President Wilson's answer. Possibilities of a sudden peace being dissipated, the necessity of keeping on with raising the wherewithal became apparent to those who were "waiting to see," and they joined the patriotic throng of buyers.

* * *

It is to be remembered that President Wilson answered the note on Monday, but for many preceding days General Foch had been answering it on the same lines—with the assistance of some legions of determined Americans, Englishmen, Frenchmen, Italians and Belgians.

SPIRIT of the STATE PRESS

Mary Pickford sold $200,000 worth of bonds in Oakland, and at the finish announced that she intended to send a cablegram to France to the 143d Field Artillery telling them of the wonderful results. Battery C belongs to the 143d, along with Oakland battalions that claim Mary as their godmother. Are we going to have the kind of news that will make all the San Joaquin boys proud of the home section when the bond subscriptions are counted? Sure we are. San Joaquin never yet left her own in the lurch.—Stockton Record.

Signs are not lacking these times that the people of the state of California, having tried the present primary law and found it wanting in a farcical degree, soon will be ready to throw it off and return to party responsibility for measures and candidates. The great political need of the hour, not only in California, but in the nation, is the concentration of a majority of its citizenship under the banner of a party of red-blooded Americanism.—Santa Cruz Sentinel.

Claiming that the loss of materials burned under the present system of garbage handling amounts to well over $500,000, the Bureau of Government Research has issued a report on the San Francisco garbage situation. The loss occurs because of the city's practice of burning all refuse. This should be divided in two classes, food wastes and other refuse. Final disposal should conserve the valuable elements in each class, it is held in the report.—San Francisco Journal of Commerce.

THIS DAY IN THE WAR

Oct. 16, 1917: General Joffre pays first visit to American training camp in France.

Oct. 16, 1916: French advance north of Somme.

Oct. 16, 1915: Allies declare blockade of Bulgarian coast.

Oct. 16, 1914: Germans occupy Zeebrugge and Ostend.

PROFIT.

And now comes a farm expert and says it costs more than $2.20 to grow a bushel of wheat. Any man who has grown wheat in Kentucky, Tennessee or in Iowa or Kansas knows the figure above $2.20 to be absurd.

The farmer should get a profit on his wheat. In these war times the profit is always figured in. The government is expected to pay a profit on everything in existence and guarantee a profit on everything in the future. The only people expected to work and die without a profit are our soldiers.—Memphis Commercial Appeal.

High pressure and generally fair weather obtains in the central and eastern states. The weather is cooler on most of the Pacific slope, in the central plains states, northern Alberta and Saskatchewan. It is warmer in most other sections.

Conditions are favorable for showers in Washington and Western Oregon and for generally fair weather in the remainder of this district.

THE PLAIN CASE.

To the Editor of The Tribune:

On practically every occasion that I have had to listen to a four-minute speaker on the various Liberty bond campaigns, or articles in newspapers on the same subject, I notice they always invite the publice to buy bonds and ask to give the money to the government, etc., using words as have the effect psychologically of giving the impression that a person is asked to give to the government in the same manner as a beggar on a street corner asks for alms under most humiliating circumstances.

Now, if I were one of those four-minute men or a bond salesman I would use an argument along these lines, viz:

Ladies and Gentlemen: That this country is at war with a group of outlaw nations for good and sufficient reasons are facts now so well known that it is useless to touch upon. That we, together with our brave allies, must and will win the war is also a fact now in the making.

However, to obtain victory it is necessary to have men and equipments, and a myriad of other things essential thereto, and to get all these things it is necessary to have money, money, money, and then more money.

To get this money there are but two ways open to Uncle Sam—the first, by taxation, and the second, by borrowing.

By the first method, "which will of course be exercised in full force if the loans do not succeed," this present generation must pay for the full cost to preserve democracy, in blood, money, goods and sacrifices.

By the second alternative the government is giving you the opportunity to loan your money to the future generations, who will reap the full benefits of this war, and thereby make them participate in its cost financially, which will not be so hard a burden on them, and you and your children will get back every cent, plus 4¼ per cent interest.

Simple, isn't it? Why hesitate? Call yourself fortunate to have the privilege (if you have the money) and come through, for if you don't, then the first method will come forth and you will then have to give it with no strings to it.

Yours truly,
S. F. VIGANEGO.

HEALTH and HAPPINESS

How the War Disease Called "Trench Mouth" Is Treated

By DR. LEONARD K. HIRSHBERG, A. B., M. A., M. D. (Johns Hopkins University.)

Within the past few years the supposedly uncommon affection, Vincent's Angina, ulcer of the palate or throat, has at times become very common. It was found that long, thin, strawlike bacteria or fungi were present in the sore mouths of many French and British troops. "Trench mouth," "trench gums" and "trench throat" are names in use to distinguish these ulcerated conditions, which Dr. L. F. Barker of the Johns Hopkins Hospital and others have identified as Vincent's Angina.

Through the promiscuous and careless borrowing and exchanging of pipes, chewing tobacco, drinking utensils, canteens, knives, forks, spoons and tooth pastes, the fuse-shaped bacilli are able to scratch or vaccinate themselves into the gums, palate or throat of many soldiers. Pyorrhea and other ailments or disorders of the teeth, gums and mouth help the germs of Vincent's Angina to secure a foothold in the weakened spot.

The tonsils are perhaps more often invaded than is the palate. A false membrane or diphtheria-like appearance may fool the hasty, cock-sure, know-it-all observer. The microscope and the culture growth are required to tell the facts.

The sufferer is sicker than he seems. There is little fever, but the breath is heavy and offensive. The mouth is sore, the gums swollen and spongy, and the glands are enlarged.

Happily, Vincent's Angina readily responds to treatment.

The ulcers are swabbed with arsenic solution as well as astringents, such as zinc and ipecac. Creosote, too, helps to cure the trouble.

Arsphenamin introduced into the veins is employed successfully by Dr. Barker in the treatment of Vincent's Angina.

To save others from the depredations of Vincent's Angina victims of sore throats, ulcerated tonsils or palate should be quarantined and compelled to wear a gauze mask until well.

HE MAY KNOW BETTER NOW.

At a dinner party in Berlin in the days before the war a German officer, by way of making himself agreeable to an American woman who sat next him, remarked that the United States would never have an army because it would not go to the trouble of making one, and that if it did American men would not fight since they were thoroughly feminized by the women school teachers who taught them in their youth, and by the influence of their wives and daughters, to whom they deferred so weakly. Let us hope that that officer, if he still is alive, was serving in the neighborhood of Chateau-Thierry during the first three weeks of July. —Youth's Companion.

Comparable Values.

"Many a man would be proud to stand in your shoes."

"I don't doubt it," replied Senator Sorghum. "Politics out my way got so fierce for awhile and leather was so expensive that a man might expect to lose his shoes almost as easily as his reputation."—Washington Star.

NEW SPURT IS TAKEN ON WAR BONDS

Oakland appears definitely to be rallying for a whirl-wind finish to the fourth Liberty loan drive. At least that is the view taken of the situation by the Liberty loan committee executives, according to a statement made at the Liberty loan headquarters this morning.

Precinct captains and lieutenants have reported to the home canvass department that there is a decided bouyant situation in the subscriptions for bonds throughout the residential sections of the city.

At the headquarters of the Liberty loan committee salesmen report an unusually heavy demand for bonds, the majority of the sales made being for bonds of the smaller denominations but representing in nearly every instance doubled subscriptions.

NEAR HONOR DAY TOTAL.

According to the local banks yesterday recorded the biggest volume of individual subscriptions taken since Honor Day, when Oakland subscribed for more than $3,000,000 worth of bonds of the fourth war loan. Both the Liberty loan committee and the banks admit being highly encouraged by the results obtained during the last two days.

Executives of the Liberty loan committee attribute a great deal of the present activity in bonds to the reply of President Wilson to the German note in which the nation's chief executive stated that there would be no end to the war at the present time.

Commenting upon the local situation, J. H. King, executive chairman of the Liberty loan committee, this morning issued the following statement to all Liberty loan workers in Oakland and Alameda county:

"The Fourth Liberty loan has lagged sadly in many districts of the county, but the committee is counting absolutely upon you to bring the campaign to a successful close.

KAISER CAN'T HIDE IT.

"It is absolutely necessary that the Liberty loan workers do so. The kaiser may be able to keep much bad news from his people but he will never be able to suppress the fact that a united American public has subscribed the greatest war fund in history and is determined to complete the absolute ruin of Kaiserism, autocracy, militarism and brutal junker rule.

"America must answer the kaiser's peace offensive with an oversubscription to the fourth Liberty loan. Based upon the present situation in Oakland there is a tremendous task ahead of us that must be completed successfully within the next three days."

Announcement was made this morning that a number of important meetings were to be held daily by the executive committee and the majors of the home canvass department between now and the end of the week. It is the intention of the executive chairman and the departmental chairmen to keep an exceedingly accurate check upon the immediate developments of the campaign plans which govern the vindup of the drive.

FACES CHECK CHARGE.

Manuel M. Garcia, said to be the son of a prominent dairyman of the south, was arrested at the Sixteenth street station last night charged with attempting to pass a fictitious check on Dan McCarthy, proprietor of a saloon on Sixteenth street near the Southern Pacific depot. He is said to have admitted that the check was bogus and was turned over to Inspector Richard McSorley for further investigation.

TRUE thrift can admit no hesitancy of decision in choosing between tailor-made clothes and the hand-me-down kind. The price difference is trivial compared to the difference in quality.

If you don't get every item of satisfaction from the clothes you buy, you are losing—wasting, a portion of their purchase price.

My tailored clothes do give satisfaction, and satisfaction in all the things you require in clothes—style, hand-tailoring and permanent hang, wear and perfect fit.

ARE YOU SLACKER OR PATRIOT?

DON'T PARLEY, BUT BUY BONDS

Your share of the fourth Liberty Loan is an amount which will bring your total subscription up to at least 20 per cent of your wealth.

For example, you are worth $10,000. Twenty per cent of this is $2000. You have subscribed to previous loans and the present loan as follows:

$250 first loan; $500 second loan; $500 third loan; $750 fourth loan. Total, $2000.

If you have not subscribed to any of the previous loans you should subscribe $2000 toward the fourth Liberty loan. If you have no money on hand, go to any bank and it will assist you to carry out your obligation to the government. Until you have exhausted every resource to accomplish this end you have not fulfilled your duty.

Ask yourself every night this question as Mary Pickford does: "What have I done today to help the Liberty Loan?"

Because you owe money is no excuse for staying out. You are a slacker if you look around for any excuse not to buy.

FIRST BOND SLACKER CASE IS ALLEGED

By LIBERTY LOAN COMMITTEE.

The Fourth Liberty Loan Allotment Committee (acting on behalf of the United States Treasury Department) is composed of responsible Oakland business men, who are reluctant to injure or do injustice to any fellow citizen. They are profoundly impressed, however, with a sense of their responsibility for the attainment of Oakland's Fourth Liberty Loan quota; and believe that duty, as well as justice to the large numbers of citizens who have responded promptly and sufficiently, compels them to name those individuals of means, who, with other bond slackers, are making Oakland's success difficult.

Therefore, from day to day hereafter in this column will appear the reports of the investigating committee on flagrant cases of slacking.

CASE NO. 1.
(Others will follow)

E. A. WHITAKER, 2302 17th Ave., who, investigation shows, owns Oakland property of an assessed value of $492,000 (real value approaching $1,000,000), and who admits debts of only $25,000, has refused after much urging to buy more than $5000 worth of Fourth Loan bonds. His allotment was fixed at $25,000. An equitable allotment would have been much in excess of this amount. He declined the opportunity of making any statement for publication.

DELIRIOUS FROM "FLU."

Barefooted and with scant clothing, Harry Cooney, age 17, was found by the police wandering in Broadway near Sixth street last night. He was taken to the Receiving Hospital where he was found to be suffering with influenza. His parents live at the Monopole Hotel, on lower Broadway.

Farm Loan Bonds Not to Be Sold

WASHINGTON, Oct. 16.—Federal farm loan bonds will not be offered for marketing in the near future, it was announced today by George W. Norris, federal farm loan commissioner.

ARREST FOR THEFT.

James Bryant, said by the police to be a user of drugs, was arrested last night while attempting to steal a quantity of butter from the Free Market at Washington and Sixth streets.

Piedmont has increased its over the top lead to $185,300. Berkeley and Alameda are going ahead, although both are well over the top, as is Emeryville. Oakland continues to fall behind in the daily average necessary if it reaches its quota.

MAY ALLISON DIVIDES HONORS WITH MADALINE TRAVERSE IN DELIGHTFUL DOUBLE-BILL NOW PLAYING AT AMERICAN THEATRE

MAY ALLISON

A double-bill that assures a delightful treat for those who appreciate and enjoy superior film productions is being presented at the American Theater today and will continue until Saturday.

"The Return of Mary," an entrancing drama of love, romance and humorous complications, in which beautiful and accomplished May Allison assumes the leading role, will demonstrate the fact that originality in writing and producing a play is not a lost art.

This excellent romantic drama is full of unusual situations, unexpected climaxes and sparkling humor.

The other feature production on the program, "The Caillaux Case," is a powerful story of a brilliant woman, possessed of remarkable physical charms and dominant personality, who, embittered by the inability of her husband, an unsuccessful and obscure writer on a French newspaper, to gratify her mad desire for social recognition, wealth, place and power, ruthlessly casts him aside that she may marry another who has promised to assist her in reaching the goal of her selfish ambitions.

This man and woman do not hesitate to resort to any means of accomplishing their purpose—not even murder and treason.

This sensational drama abounds in exciting situations and thrilling scenes.

Beautiful Madaline Traverse appears in the leading role and is supported by an all-star cast of exceptional ability. —Advertisement.

SHIP UNION'S HEAD PLEADS FOR LOYALTY

Organized labor is urged to place the welfare of the country first and let details that effect the worker await adjustment until a time of less national stress arrives, in an appeal issued by E. F. Carroll, president of the local Shipyard Laborers' Union. The appeal says:

"If I had a friend, who by his every act had shown his friendship for me, and that friend was in trouble and worriment of mind; and if that friend was indebted to me, but on account of the press of other *claimants he asked me to trust him a* little longer, at the same time acknowledging my right to attention as soon as possible, I would consider myself an ingrate not to heed the request that I be patient for a little time until my claim could be taken *taken care of.*

"Such a friend has President Woodrow Wilson been to labor. every appeal has been listened to by him and its importance given proper value, and where a doubt has appeared to exist, the men who toil, and who never had a friend at the helm of state before upon whom they could absolutely rely, have been given the full benefit of the doubt.

"In such a time of stress as the present, just as it seems as though we are on the threshold of victory, it appears to me that we can be patient a few days longer.

"I would gather live on cornmeal mush than refuse to help build ships every day in the week, or do any other job that helps to spell victory.

"I want to urge others to take the same ground."

Homes, Hearts Open to Billy-Boy

Twenty-Five Want Just Him

William, brown-eyed, laughing and four years old, did not have a mother last Saturday. Today there are 25 mothers fighting, pleading, hoping, praying, persuading that William be their son. From a forlorn, ill-clothed lad with a dubious future, William has suddenly become the important personage in an exciting human drama and the most wanted son in Oakland.

William is taking his good fortune with the calm philosophy of childhood. He loves them all. He loves the one he is with better than all the others who are away. He will be a son to any and all of them. William's fate is not yet sealed. In the meantime 25 mothers are arguing their cases and presenting the credentials which they are each confident will win for the happy burden of the laughing baby.

William, the youngest of four children, whose father was not financially able to make his wages go round in the motherless household, needed a mother. The TRIBUNE told the tragic little tale on Saturday night. The father had confided his difficulties to Mrs. Fred Harrison, social agent for Alameda county, and with tears had explained that while he could board the three older children and keep himself going in a poor sort of way, little William was the one too many. And he is such a bright, mirthful youngster that Mrs. Harrison herself fell in love with him.

Lucky William! But the question is, whose son will William be?

War Has Serious Effect Upon Press

CHICAGO, Oct. 16.—The war's effect upon newspapers was told today at a meeting of the Inland Daily Press Association. H. N. Kellogg, chairman of the special standing committee of the association, asserted that labor conditions have forced the consolidation of 250 daily papers in the United States and the suspension of 850 papers since the war began. Prediction was made that the cost of paper would reach $80 a ton soon, an increase of $10 over the present price. Delegates werepresent at the meeting from Minnesota, Wisconsin, Michigan, Iowa, Indiana, Illinois, Kentucky and Missouri.

Dundee vs. Vierra and Denny vs. Barrieau Is Double Main Event Tonight

Fans Will See Some Good Scraps Staged At the Auditorium.

PROGRAM FOR TONIGHT'S SHIPBUILDERS' ATHLETIC CARNIVAL

MAIN EVENTS.

Jimmy Dundee vs. Battling Vierra.
Frankie Denny vs. Frank Barrieau.

SPECIAL EVENTS.

Joe White vs. Jimmy Marshall.
Baby Blue vs. Young Sharkey.

PRELIMINARIES.

Young Vierra vs. Al Walker.
Young Turner vs. Jack Davis.
Harry Eagles vs. Danny Reese.

Music will be provided by the Moore Shipyard band.

Louie Bernstein will do the timekeeping, while Bob Shand will referee and Jack Murphy and Dave Symon will be the judges. First bout to be staged at 8:30 p. m. sharp and no delays between bouts.

By EDDIE MURPHY.

Battling Vierra, the lad who last week surprised the Eastbay boxing fans by holding Harry Pelsinger to a draw, will have another chance to show his class tonight, and if he can get away with the job as well as he did with Harry Pelsinger, then there will be another ground for the fans to start arguments over as to the real featherweight champ. Vierra is billed to meet Jimmy Dundee tonight at the Oakland auditorium in the last bout of seven which are being featured by a double main event, with Frankie Denny and Frank Barrieau being the others in the headline positions.

Tommy Simpson, matchmaker for the show which is being staged as a Shipbuilders' Athletic Carnival, and promoted by Gordon M. Gliddon, has arranged another plain looking and promisy scrappy card. As was the case last week, the card did not look any too strong to the boxing fans themselves, but just the same it had the little fellows on it that put up the real stuff, and the fans saw some good scraps and will see more tonight, for Tommy has backed the double main event by some good lads.

The Dundee-Vierra go is another puzzler for the fans, the same as was the Vierra-Pelsinger go. Dundee is a very quick boy on his feet, and it is figured that his stepping will give him his only chance of beating Vierra, for his blows are not of the kind that are likely to cause much damage to Vierra. Vierra has shown many a time that he can take a much harder wallop than Dundee delivers, and it would not be any surprise if the decision goes against Dundee, for Vierra is a very rough boy, and will have the best of the weight.

But Dundee is not worrying about his friends telling him Vierra will be too tough for him, and will be right in there making his best showing as he has always tried to do before, his many Bath boys have been training for the contest and ought to be in pretty good shape to answer the gong.

BARRIEAU PROMISES TO SEAT DENNY THIS TIME.

Frank Barrieau of the Moore shipyard is figuring on starting the fans tonight that he is still there by handing Frank Denny a trimming. Denny is from the Alameda Bethlehem yards, and the draw which the pair fought last Thursday night has started some rivalry between the two yards, so tonight's bout should be a better one than the last one, which was a bear, Barrieau having a slight shade, but the draw decision being a good one. They slugged at each other for four rounds, and figure to repeat tonight, and make it the best bout of the evening.

JIMMY MARSHALL TO MEET ANOTHER TOUGH ONE.

Jimmy Marshall is showing that he is not afraid of any of the boys by allowing the matchmakers to put him on with such boys as Johnny Arrousey and Joe White. Last week Marshall fought Arrousey to a draw, and tonight he tackles Joe White in one of the special events. White is a much more experienced boxer than Marshall but so was Arrousey, which leaves Marshall with very little to worry him tonight.

Baby Blue and Young Sharkey should stage a good go. Baby Blue showed his class before the fans at other shows and Sharkey is no slacker when it comes to putting up a good fight.

Johnny Conde will have his fighter, Young Vierra, out for an argument with Al Walker of San Francisco. Vierra won his last bout in three rounds. Two of the old-timers will stage a comeback when Jack Davis and Young Turner meet in one of the preliminaries. Tony Duarte is managing Davis and thinks that Jack still has a few good fights left in him. Turner has been training by swinging hammers at the shipyards. Harry Eagles and Danny Reese will provide the curtain raiser.

POLICE SAY AUTO GANG IS ROUNDED

With the arrest after an exciting chase over the Skyline boulevard of Clayton Reynolds, Benjamin Jeffries, Edward Baxter and Einar Mortensen by Officer D. A. Farrow, S. Montell and Sergeant Walters and the arrest on the day previous of Seward Pierson by Officers D. A. Farrow and A. H. Nelson, the police believe they have rounded up one of the worst gangs of automobile thieves that have operated in the district in years.

These boys, for the oldest is but 19, within the last three months are said to have succeeded in stealing fifteen machines and a large quantity of tires and automobile accessories.

Most of the tires and machines have been recovered, but the gang succeeded in disposing of much of the accessories.

The boys have confessed to most of the thefts charged.

The apprehension of the gang was effected by the confession of Seward Pierson, who was taken into custody in West Oakland Monday. He informed the officers that the other four boys were to meet him on the Skyline Boulevard yesterday and the police kept the appointment. When the gang, who were driving a Chandler car, saw the officers they opened up the throttle of their machine and were captured only after a wild ride over the boulevard and into Redwood canyon, where the officers finally overtook them.

Jennings Will Soon Join Evers in War Work for K. of C.

Hughie Jennings, leader of the Detroit American League club for years, has been accepted for overseas service by the Knights of Columbus. He is expected to sail for France in the near future. Hughie has been anxious to aid in the work the organization is doing abroad. He volunteered his services early in the year. Jennings will assist Johnny Evers in organizing baseball and other athletic teams over there. Jennings ought to make a valuable man. He has a winning personality with men when it comes to organizing and developing teamwork. He instills ambition and pep into his men. He proved by his repeated vain efforts to produce a pennant winner for Detroit that he is a sticker.

Hughie's grass pulling and his famous Ee-yah brought him considerable kidding, but he was a mighty popular manager. I can see that fiery red hair of his bobbing around that soldier baseball field now.

Harvard Students to Participate in Sports

CAMBRIDGE, Mass., Oct. 15.—Plans for modified sporting activities at Harvard University were announced tonight. Members of the student army training corps will be permitted to participate in football, rowing and cross-country running this fall, with limited periods for training and practice.

Football at first will be confined to inter-company and inter-battalion contests. Later games probably will be arranged with student army training corps and service teams in this vicinity. It was said tonight that games with Princeton or Yale were improbable.

SCORES IN DANGER IN HOTEL FIRE

(Continued From Page 1)

than $100,000, and was owned by Frank Bilger and A. Crist. Fire Marshal J. W. Story said he had been informed that $25,000 insurance was carried on the building.

The fire started at 10:30, and by 11 o'clock the building was a mass of flames and smoke. The fire department was able to save adjoining buildings and to check the blaze to some extent by the high pressure salt water system, one of the lines of which is down Fourteenth street. Had it not been for the high-pressure system and the aerial water tower, the structure would undoubtedly have been burned to the ground.

FIREMEN REACHES GIRL JUST IN TIME.

Miss E. Cole, who was rescued from the fourth floor of the building, received severe burns about the face, neck and hands. When she heard the fire alarm she ran to her door, but the flames in the hallway drove her back into her room. She opened her window and called to those in the street. While she waited, and the firemen raised a ladder, her door was burned away, and the flames came into the room.

She leaned far out to escape being burned and suffocated, and those in the street thought she was falling. The firemen reached her just in time. She slipped down upon the shoulders of the fireman, unconscious, and was carried like a sack across the man's shoulders.

Laura Douglas, a little girl, was carried out of the building by lodgers who helped her mother.

Miss Helen Betts, 18 years old, a telegraph operator, was rescued from the building after she had been almost blinded by smoke, and had received burns about the face. Among the other guests who were rescued from the hotel were:

Mrs. Mary Jones, a nurse, who was carried down by firemen; Mrs. Julia Colby, a school teacher, who was also rescued by firemen; Mrs. Frank Cooley, Miss Gladys Kingsbury, Mr. and Mrs. George Raymond, Mrs. Margaret Kingsbury, Harry Goldman, Mrs. Goldman, C. C. Darrow, Mr. and Mrs. E. A. Haskins, Miss Doris Chase, Miss Norma Bandermon, George Stabell, Miss Margaret Winchell, E. E. Phillips, A. L. Joy, Mrs. A. Betts and Miss Helen Betts and Miss Idylle Shepherd.

LONG HAD ENJOYED WIDE POPULARITY.

When Hotel Metropole was erected upward of 25 years ago it was the most pretentious hostelry on this side of the bay. Many men of eminence were housed under its roof. Shortly after its completion the property passed into the hands of Robert Smille, who took it over on a mortgage. It was leased on a long term to R. M. Briare, a well-known hotel manager, who managed it until some time following the earthquake and fire.

The custom which brought business men together at weekly luncheons was inaugurated at Hotel Metropole at the suggestion of Briare, who was a director in the Merchants' Exchange. The dining room of the hostelry continued for several years to be the center for industrial discussions.

The fame of the pioneer hotel did not diminish for many years after the establishment of the newer and more modern hostelries—Hotel Athens, the Key Route Inn, St. Marks and finally Hotel Oakland. Many of the wealthy families who had made their home at Thirteenth and Jefferson streets continued as guests until more luxurious accommodations lured them away within the year or two.

To the main building was added a sun porch and an annex. So great was the popularity of the Metropole that for years there was a long waiting list of guests and additional near-by houses were rented for the accommodation of the house staff.

RedCrossGame At San Leandro Next Sunday

By MAURY PESSANO.

Next Sunday will be Red Cross day at the San Leandro ball park, and it will also be pennant raising day for the San Leandro baseball fans. The pennant which The Oakland TRIBUNE offered to the winning team in the Mission league race, will be awarded to the C. L. Best Tractors, as will gold coat lapel buttons, and the ball boosters of that town have found that it would be a good day to raise some money for the Red Cross, and a gala time is being planned.

Tony Enos, manager of the C. L. Best Tractors' team is looking for the biggest crowd of several years to pack the San Leandro park, as tickets for the game which will see the Tractors meeting the Mission league All-Stars, are selling fast, the ladies of the Red Cross getting behind the affair to make it a success.

Listen some is to do the umpiring of the game between the Tractors and All-Stars. Why it is none other than Jerry Lawlor, the gent who has acted as president for several midwinter and other leagues about the bay. Jerry did considerable umpiring in his days gone by and still has the old equipment which he will pull from the closet and don. Jerry wanted to do his bit in some way to save the Red Cross benefit game a success.

The boys at San Leandro have gone out and purchased a new flagpole on which to hoist their pennant and they have also made arrangements to have the San Leandro municipal band on hand. The game will be preceded by the playing of the Star-Spangled Banner and all the fans will be asked to join in the chorus.

The All-Star team had to be changed a bit on account of the Spanish influenza making it impossible for a couple of players from the San Jose team to be on hand. So Fred Kress has announced the All-Star team to be as follows: Hayes, Bankhead and Mulcahy, outfielders; Kermile 1b, Foy s, O'Connor 3b, Quigley 2b, Snow c and Valencia and Silva p.

Cavanony, the sparkling shortstop for the San Francisco Bethlehems, was the whole show in the infield along with Charley Pick. Several balls were hit to deep short, but Cavanony was right there with fast fielding and throwing that got his man by a close play. He, along with Pick, made a combination around the keystone bag, and very few hits go safe down that way, for both boys cover plenty of ground.

Joe Rodgers, well known local player, will be leaving his friends very soon, for Joe will put on one of Uncle Sam's uniforms. He enlisted in the tank service, and will be leaving for Gettysburg, Pa., within the next two weeks. Rodgers held down third base for the Fruitvale Native Sons in last year's winter league, and had the best year of his career, alongside of Red Powers, who was captain of the team. The Red Top gave the young player lots of good advice.

Joe finished up the season with Alameda team in the Mission league, playing third and the outfield, and Captain Schamel praised his work very highly.

Pittsburg and Crockett in 7-Game Series

Word came from Crockett today that plans for a seven game series to start between the Pittsburg and Crockett teams next Sunday had been completed, and that the first game will be played next Sunday. This series should be an interesting one to the fans of all the bay cities, as the last one which was of three games resulted in a Crockett victory, each game being won by a one run margin. The team will be represented by the same players that took part in the last series. Bill Leard, assistant manager of the Crockett team, helped in arranging the series. A fat purse is at stake for the winner.

Winter League To be Made Up Of Six Teams

The Alameda County Midwinter League was formed last night at Spalding's famroom, and will be made up of six clubs, the games to be played at the Fruitvale, San Leandro and Lincoln Park grounds. As was expected, the managers of most clubs balked the idea of letting the Pittsburg and Crockett clubs into the league, and it is the first time that those clubs have ever been refused admission to a league. Jerry Lawler was on hand to represent Bill Steen, manager of the Pittsburg club, and Jerry said that Steen would like very much to enter his team. The managers who opposed were also strong for Bill Steen and his boys, but they could not see where any of the other clubs would have a chance to beat either Crockett or Pittsburg in a flag chase. Six other teams were represented at the meeting, and all representatives entered teams in the league. Fred L. Krum acted as chairman, and was later elected president of the league, he and Jerry Lawler being nominated, but Lawlor declined to accept. Jerry Lawlor also declined the nomination for secretary, and the position fell to Maury Pessano. W. Wagner of San Leandro was elected treasurer.

The teams that will make up the Alameda County Midwinter League, are: The C. L. Best Tractors of San Leandro, with Toney Enos as manager; Fruitvale, with Charley Thollander and Jerry Lawler as managers; the Vitts Grays, managed by Joe Vitt; Hayward Didlers of Alameda, managed by "Truck" Kues and Manuel Duarte; Oakland Commission Merchants, managed by Joe Tobin and Lawrence Ratto, and the Santa Fe Improvers, managed by Louie Legg.

A schedule committee has been appointed and a complete schedule of fifteen games will be submitted at a meeting to be held next Tuesday night at Spalding's. The opening date of the season has been set for November 3, two weeks from next Sunday. All managers will be required to post a deposit of $25 in cash with the secretary at the next meeting, and whichever teams fail to live up to the league rules and go through the entire season their deposit money will be turned over to the Red Cross and another team picked to fill the vacancy. A player limit of fifteen will be allowed, with expenses for twelve being requested of each manager of a home club to pay. The home team will receive 60 per cent of the gate after all expenses have been taken out, each team to have its share of turns at being the home club.

Each club must carry at least thirteen players, who have not served a full season of baseball with a professional team since 1916. That allows for each manager to sign two professionals if he wishes to do so. All disputes of the league will be settled by an arbitration committee, which will consist of Fred Krumb, Frank Woodward and Frank de Leisle. The following have been suggested for positions as umpires in the league: Louie "Pat" Larue, Jake Croter, "Pop" Van Haltren, Henie Martin and J. Nissen.

Story Brings Sum; Arrest Follows

Albert Marshall was arrested last night by L. Cox charged with soliciting alms. His story was a new one on the police. He approached several persons and displayed a bloody shirt which he said had been soiled while carrying the dead body of one Harry Brown, who had been killed in an accident at the Moore Shipyards, to an ambulance.

He asked the funds for the purpose of aiding the family of the alleged dead man and succeeded in collecting a few dollars from the soft-hearted victims whom he approached with his tale. When arrested he admitted that the Brown story was a myth. He is being held for investigation.

AIDS FIGHTERS AND FAMILIES

This is the bureau which can solve your problems. This is the office where troubles disappear. The Home Service Section of the American Red Cross with headquarters in the Federal Realty building offers a free service to men in the service and the families of men wearing the uniform, no matter what the need. The government has designated this department the court for every resort. Financial, medical, legal advice, information relating to the whereabouts of men in the service are functions of the Home Service Bureau.

Drafted and enlisted men will be told what the Government will provide for himself and family. Full information on matters pertaining to allowance and allotment, and Government insurance and how to avail oneself of these is to be had. When a man goes overseas the Federal building offices will still act his friend. If he needs legal advice a staff of Red Cross attorneys will assist in protecting his rights.

The Home Service department cautions families against listening to claim agents and unknown lawyers. The workers will give a full and free service to the nation's defenders and their households. Hundreds of men and women have already been assisted, with letters of appreciation pouring into the Oakland headquarters. The Home Service is not a charity. It is a commission to act as a friend although no fees are demanded. Its work at home parallels the work abroad.

TAKE A BLOOD TONIC BEFORE WINTER

Revitalize your blood and put your system in condition to resist the hardships of winter.

It is the strong-blooded men and women who are vigorous and healthy in winter, and who are not inconvenienced by the cold, wet days. Wet feet don't bother them, sudden changes cause no inconvenience, and even when a cold is "caught," because of contact, in a close, stuffy room, with some one already infected, the trouble seldom lasts over a day or two. This highly desired state of health is brought about by having rich, pure blood, uncontaminated by impurities of any kind.

You may possibly think your blood is all right—you are not troubled by outward signs. Yet you have felt tired and languid, you have lost some sleep or had some minor ailments at times, but you regard yourself as in "fairly good condition physically." This may be true, but you should take nothing for granted, you should not "guess" that you are all right. The thing to do is to make yourself right by taking a good blood tonic and invigorator, such as S. S. S. It is the best known blood tonic on the market today. There is hardly a man, woman or child in America who has not heard of it. It has helped to restore many people to health. It has brought relief in thousands of cases of blood disorders during the past fifty years.

S. S. S. is a standard treatment for all blood troubles. It is a true blood tonic, that purifies and brings new vigor and new life to the blood stream. It is guaranteed to be purely vegetable, to contain no mercury or other mineral drugs, but to be made from herbs and roots carefully selected for their known medicinal properties. For chronic sores, ulcers, catarrh, rheumatism, eczema, psoriasis, salt rheum, tetter, acne and other such diseases as are due to infected blood, S. S. S. acts quickly and satisfactorily. It counteracts the germs and poisons, cleanses the system of unhealthy accumulations, locally washes all foreign matter from the blood and renews its life-giving properties.

Be sure to take S. S. S. this winter. The renewal of vigor that it will give you will be well worth while. One thing you can be sure of and that is if you take S. S. S. you will be benefited. Buy MORE Bonds! Go the Limit!

How You Can Increase Your Liberty Loan Subscription

If you have $100 to invest in Liberty Bonds, subscribe for $500 or $1000 worth, and if you are unable to make the usual monthly payments of 10%, we will take your note for the balance with interest at 6% per annum.

This is the way it would work out on a $1000 bond on which you pay $100:

You pay interest for one year on $900 note.....$54.00
You receive interest for one year on $1000 bond.. 42.50

Cost to you $11.50

In other words, your "sacrifice" is about $1 per month. ARE you willing to do that much in consideration of what our soldiers are doing on the other side?

Bring your subscriptions to one of these banks and we will help you whether you are a depositor or not.

Eastbay Residents Losers by Failure

SAN FRANCISCO, Oct. 16.—The failure of the United States Mines Development Corporation of Nevada is a severe blow to a number of Eastbay residents, according to a petition in voluntary bankruptcy filed by the company in the Federal District Court this morning. The listed liabilities are $41,946.36 with open account assets of $261.37.

The petition, filed by McCutchen, Olney and Willard, general counsel for the mining company, showed the following among the creditors: F. Humburg, 38 Monte avenue, Piedmont, $10,000; P. Messchaert, 28 Mocca avenue, Piedmont, $10,000; Mrs. F. A. Morgan, Hotel Oakland, Oakland, $546.50. No particulars are given in the company's petition.

Charge Father, Son With Conspiracy

SAN FRANCISCO, October 16.—Charged with having sworn to a false affidavit that his son William F. is forty-seven years of age, instead of 32, to enable him to evade the draft, John Hackman, 75, a German-American rancher near Salinas was arrested with his son on a conspiracy charge this morning by Deputy Marshal Thomas Butler. The son, who is a bachelor, gave bail before United States Commissioner F. W. Mack in $1,000, allowing his aged father to remain in jail.

WOMAN'S GLASS FLASHES SUN TO GET HELP

LONDON, Oct. 16 (by The Associated Press)—A woman's hand mirror was the means of saving fifty lives from the torpedoed liner Galway Castle, it has been learned. Among the survivors on a raft was a woman who took from her handbag a small mirror and suggested one of the sailors use it for making heliographic signals.

The attempt was made and the signals brought up a destroyer at full speed.

Congressman Is Wed on Death Bed

ST. LOUIS, Oct. 16.—Congressman Jacob E. Meeker of St. Louis died at 7:05 today of pneumonia at the Jewish hospital here after a few days' illness.

Congressman Meeker, realizing death was near, was married last night on his death bed to Mrs. Alice V. Redmon, a widow, who was his secretary.

Pneumonia followed an attack of Spanish influenza, suffered a few days ago. Congressman Meeker obtained a divorce from his first wife some time ago.

Meeker, first a Congregational minister, and later a lawyer, was born in Fountain county, Indiana, October 7, 1878.

—an easy way to make $85

(without working for it)

Buy a $100 Liberty Bond today and it starts right in earning money for you. Every six months you will cash a coupon for $2.12—$4.25 a year—the interest on your Bond. That means in twenty years you will have received $85 in interest money and then get back your $100 in gold.

The more Bonds you can buy now—the more money you will have working for you and the more interest coupons you can cash every six months.

And when the war ends, there is every chance that these Bonds will jump above par. The Rothschild fortune was made on war bonds during the Napoleonic wars. Civil War Bonds—Spanish-American War Bonds increased 10% to 15% in value when peace was declared.

That man is wise who invests every cent he can raise in Liberty Bonds—and then buys more on installments. 4¼% for being a patriot—think of it!

Cotton Market

NEW YORK, Oct. 16.—Influenced by Liverpool and spot house selling, together with weakness at Liverpool, the local cotton market opened easy today, and first prices were 15 to 48 points lower. The market later ruled about steady, with small trade showing a net decline of 31 to 39 points.

Chicago Grain

CHICAGO, Oct. 16.—Bears had an advantage in the corn market today owing largely to reports of a financial panic in Berlin and of a revolt in Bohemia. Opening prices, which ranged from the same as yesterday's finish to ⅝c lower, with November $1.23⅜@1.24, and December $1.21½@1.21⅝, were followed by a decided rally, but then fresh declines lower than before.

Weakness became greatly intensified later as traders facused attention on the bearish outlook, indicated by news from abroad. The market closed heavy at the lowest point of the day, 6⅝@7⅛c net lower, with November $1.17⅜@1.17⅞, and December $1.14½@1.14¾.

After opening ⅜@½c down, with November 67⅜@68c, oats made a quick upturn and then underwent another sag.

Scantiness of offerings brought about an advance in provisions. Pork rose $1, the maximum limit.

MOTHERHOOD SOUNDS PLEA TO LANDLORDS

By EDNA B. KINARD.

The voice of the motherhood of the city spoke yesterday. Oakland Federation of Mothers' Clubs, representing more than 2000 women with little children of their own, for whom they are making homes, in the October session adopted the following resolution:

Resolved, That we appeal on both moral and patriotic grounds to householders to set aside their objection to renting to families with children. It is hereby urged upon parents a more careful supervision of their children as regards other people's property.

The adoption of this resolution, which follows the passage of a similar resolution by Oakland woman's committee, Councils of National and State Defense, and Oakland Center, California Civic League, is a true indicator of the mind and purpose of the womanhood of the city. Before the terrible problem of housing the children of the municipality they stand waiting.

MUST KEEP INTEGRITY.

Public opinion is swinging to the protection of the newer generation which must bear the great burdens of a world war. Not only schools and health centers and playgrounds must be given these youngsters, but the integrity of their homes must be maintained. Long ago these thousands of women who have passed resolutions directed toward providing security to the families in which are children against the landlords who would oust them or keep them away from apartments and dwellings learned that the home was the unit of the nation and upon that unit depended the fate of the country.

The home in which are children is the most sacred possession of the United States of America and of the city of Oakland.

Oakland Federation of Mothers' Clubs, without a dissenting vote, adopted the resolution of yesterday.

NEW YORK'S ACTION.

The city of New York, however, found that public opinion was not enough to protect its children. It learned that words and actions were widely apart. New York in its magnitude suffered what the growing industrial center of Oakland is learning and will continue to learn in more bitter experience unless some curb is place dupon the prejudice of landlords against the tenancy of children. There was introduced into the board of aldermen of New York this stringent ordinance, which found its justification in the moral and patriotic necessities of the metropolis:

A. No owner or lessee of any apartment house, tenement or other premises used for dwelling purposes, or employee or agent of such owner or lessee shall refuse to rent or lease an apartment, tenement or premises for dwelling purposes to any person or persons for the reason that said person or persons have children in the family.

B. Every owner or lessee of any apartment house, tenement or any other premises used for dwelling purposes or employee or agent of such owner or lessee of said apartment house, tenement or any other premises used for dwelling purposes, who refuses to rent or lease an apartment or premises to a person or persons for the reason that the said person or persons have children in their family, shall, upon conviction of a violation of this ordinance before a city magistrate, be punished by a fine not exceeding $250 or imprisonment for a term not exceeding five days or both.

Hard on the landlords? Well, what about the children?

MAY RODGER, 15, DISAPPEARS AS PARENTS SLEEP

The disappearance of May Genevieve Rodger, 15 years old, after she had retired last night was reported to the police early this morning by her father, James Rodger, 2822 School street. The girl went to bed about 10 o'clock last night and her parents noticed nothing unusual about her manner. She disappeared during the night, and no explanation of her act has been given to the police.

SEEKS MISSING WIFE IN VAIN

Mrs. Myrtle Adams, 2012 San Pablo avenue, who mysteriously disappeared from her home last Monday night, is still missing, though the police and her husband have made a systematic search and followed every clew so far presented.

According to her husband, Herman Adams, their domestic life has been tranquil. She is the mother of five children and the distracted husband is at a loss as to why she should leave her home and family.

The presence of a strange man at his home just before his wife's departure, may, Adams thinks, account for her leaving, but no evidence of a tangible nature has been found to show that she left with anyone.

Mrs. Adams is of Spanish birth, 28 years old and wore a long black coat and black velvet Tom o' Shanter when last seen.

A TENDENCY TO ANEMIA MAY BE INHERITED

A tendency to thin blood, or anemia, may be hereditary. In fact it often runs in families and in such cases it should be combated, as soon as a symptom shows, by the use of a reliable blood-making tonic.

Mrs. Elsie Monatesse, 2 Porter street, Haverhill, Mass., and her seventeen-year-old daughter, both used Dr. Williams' Pink Pills for the treatment of anemia and their experience follows:

"I had suffered with anemia or lack of blood from my girlhood," says Mrs. Monatesse. "I was losing my strength, was run down, and had terrible headaches. I took bitter tonics and other medicines but they did not seem to help me. I was discouraged, my appetite was poor and what I did eat would not stay on my stomach.

"I had heard of people who were benefited by using Dr. Williams' Pink Pills, and I decided to try them. I noticed improvement after I had taken three boxes. My appetite became better and I felt stronger in every way.

"My daughter, Antoinette, became run down about three years ago and seemed to have no ambition. She was colorless and her limbs ached continually. She had no appetite and her face broke out with pimples. Dr. Williams' Pink Pills helped her at once, and she began to eat better. Her color came back, and the pains in her limbs disappeared."

Your own druggist sells Dr. Williams' Pink Pills or they will be sent by mail on receipt of price, 50 cents per box. Write to the Dr. Williams Medicine Co., Schenectady, N. Y., for free book on the blood.

Marvelous Duo Art

The very latest in Player Pianos, the product of the Aeolian Company, originators of the Pianola. The Duo Art is far ahead of all others in the important fundamentals—

1—**Tone Gradation**—having practically twice the number of Tone Gradations of any other player instrument, producing perfect "tone color" impossible in any other Player.

2—**"Time" Control**—which not only regulates the time but instructs and guides the one playing, assuring the correct interpretation of the selection.

3—**Accenting the Solo**—bringing out perfectly the solo (or melody), but at the same time controlling the accompaniment so that it properly supports the Solo.

4—**No Pedaling**—the air chamber is constantly supplied without foot pedaling, permitting the one playing to devote his entire attention to interpretation, thus making the instrument a pleasure instead of a labor.

5—**Simplicity of Construction**—no complicated or troublesome mechanisms, as in other Players.

6—**Reproducing the Actual Playing of the Great Pianists**—with the wonderful Duo Art Rolls, as perfectly as the Victrola reproduces the voice of Caruso and other great artists.

The Duo Art can be played by hand as a "straight" piano; it plays an 88-note roll and it is a reproducing instrument. The Duo Art is simply wonderful—we cordially invite you in to see and hear this great instrument.
